

Welcome Red Hill Lutheran Families!

Good nutrition is only part of living a healthy lifestyle and the goal of providing nutritious meals for kids requires a group effort between the family, the school and the caterer.

Although we are a full-service caterer, we choose to focus our knowledge and expertise on children. We began servicing preschools and private and parochial schools in Orange County in 2001 and through the grace of client referrals, we quickly expanded to Riverside, San Bernardino & Los Angeles Counties.

Commitment to Quality

We believe commitment to quality doesn't end with the products themselves, but rather should be the backbone of everything we do. At Cater Tots Too, our commitment extends beyond the ingredients, through the preparation, into the vehicles for transport and the safety and maintenance of our facility, and within the relationships we build with our clients.

Simple Is Best

Children's nutrition is the cornerstone of what we do. We know children's palates are not as developed as teens or adults so we take great strides to ensure the menus are simple yet tasty. We serve the foods you grew up on and we do it in proper portions with healthy ingredients to create a menu that is balanced and appealing for the kids – and staff!

Allergies & Special Needs

As a corporate member of the Food Allergy & Anaphylaxis Network (FAAN), we are an allergy conscious provider. Although we cannot guarantee an allergen free environment, we do our best to ensure the safety of our products. For specific questions or concerns, contact our office prior to ordering.

Ordering

Families may place orders online at www.cater tots.com or by delivering a paper order to the school office for pick-up. Orders will not be processed without payment and all orders or changes must be received by Cater Tots by **8:00am the day prior to service**.

For online ordering, families or staff must first set-up a parent account using the initial access code of **RHLS72** which will assign you to the right school for service. Once the parent account is initiated, child accounts may be created and the ordering begins!

Thank you for the opportunity to serve your family!
